

February 2011

Hello and Happy Spring!

It is approaching quickly - at least we are hoping so here at Inselhaus B&B.

We are tired of shoveling snow, especially after the blizzard! Here at Inselhaus we managed to stay cozy and warm all winter.

Over the winter season, Dorothee and Karl vacationed in Mexico and Brazil – there we had pleasant weather! We had much fun and were very relaxed while Cynthia took care of Inselhaus and our guests for us. It is nice to get away from the hectic lives we lead at times here at Inselhaus and on the farm. When our holiday ended, we were excited to be back and ready for our guests and the growing season.

Speaking of springtime and the beautiful flowers that are bound to show soon, why not use your gift certificate for our rose petal turndown? It would be a great way to start the spring season! If you do not have a gift certificate for a stay at Inselhaus already, feel free to call us to purchase a certificate today or just book an evening with us right away.

Please visit our website for “dates to remember” or <http://www.wiu.edu/wiucalendar/> for a list of activities and events happening at Western Illinois University and <http://www.macombareachamber.com> to see what Macomb has to offer you as well. When you see something you want to come to town for, visit www.inselhausbb.com and make a reservation. It is easy as that!

Let this spring be a busy one for us and a relaxing one for our guests when they come to stay with us at Inselhaus.

Thanks to our past, present and future guests - we hope this season brings many more...along with the sun!

Best wishes,
Dorothee and Karl
Sarah and Cynthia
